

3 AI automations. One page.

Answer every enquiry and match buyers to homes while you're out showing. This is the short version, screenshot it and act on it. Want the full breakdown and the exact tools? See below.

1 The 24/7 Enquiry Agent

- PAIN** Enquiries come at all hours; miss the first reply and the buyer moves on.
- FIX** AI answers calls & messages 24/7 (and says it's AI), and books viewings.
- START** Load the 5 things buyers always ask about a listing.

2 Instant Lead Response

- PAIN** By the time you call back, they've spoken to three other agents.
- FIX** Instant reply + qualify on budget, area and timeline.
- START** Write the 3 questions that flag a ready buyer.

3 The Listing Matcher

- PAIN** Matching is slow and manual, and good matches slip through.
- FIX** AI matches buyers to listings in minutes and alerts waiting buyers.
- START** Get your listings into one clean, structured list.

⚡ **The edge:** most sellers hire the first agent who gets back to them (NAR), and you're ~21x more likely to qualify a lead if you reply within 5 minutes (MIT). An AI that answers instantly makes you that first agent.
